

Symo 3000 Locking System

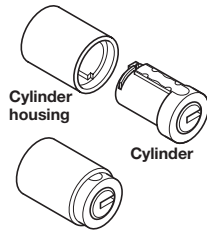

Cylinder Cores with Pin Tumblers

Symo 3000 cylinder cores can be installed, repositioned or replaced quickly without tools, simply by using the removal key

Inserting the cylinder core

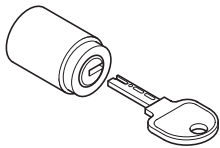

Remove protective cap from cylinder housing

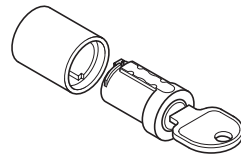

Insert the cylinder core into the cylinder housing and exert light pressure until cylinder core snaps into place

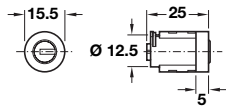

Removing the cylinder core

The cylinder core can only be removed from the cylinder housing by using the removal key

Insert the removal key into the cylinder housing and withdraw under slight pressure

7
